

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global business. Transporting industrial goods occurs every day on our busy planet. Originally innovated as industrial vehicles during the 1930s in the U.S., lift trucks gained popularity following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread internationally.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Through the years, TCM lift trucks have become a global leader in lift truck manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes many models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
